WALK THROUGH
VIDEO

Artega[®]
KARO

We are back after the winter break and would like to wish you a happy and healthy new year 2021!

Due to to the current restrictions we are later than planned with the announcement of new milestones. Nevertheless, we are optimistic about the future and are targeting the coming summer as the new time window for first deliveries of the KARO. Despite a challenging year for the automotive industry and its suppliers, the number of new pre-orders in 2020 has increased consistently. We thank you for that!

And for all those who did not have the opportunity to experience the Artega KARO live in our showroom or at events during the summer, we have prepared a walk through video which you can find on our new YouTube channel.

WATCH NOW

PRE-ORDER

Design your very own Artega KARO today and reserve your place for the initial production batch in 2021. You can still change your preferred configuration up to a few weeks before delivery. Your deposit is protected against loss by the R+V insurance company. (As of now, only German pre-orders can be taken)
